

Sinclair Broadcast Group's recent actions are a complete disgrace! Sinclair uses the public airwaves free of charge, and they are using OUR airways to sway undecided voters and give free advertising to the Republican campaign for the Presidency. I find it appalling. If they are truly trying to air "news" than they would not reject Michael Moore's offer to allow them to air "Farenheit 911" on their networks free of charge. The point of political news during an election year is to allow people to make INFORMED decisions about this process. By airing only one, very partisan, view, Sinclair is attempting to sway voters. Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
